Group 20-Year Level Term Life Insurance

IEEE

Negotiated For IEEE Members And Their Families

7 Reasons IEEE Members "Lock In" This Exclusive Member Benefit

1. Rates "lock in" for 20 years. There are no annual premium increases.
2. Benefits "lock in" for 20 years. Your benefit levels do not go down just because you get older.
3. Member-only rates with additional volume discounts make this coverage an exceptional value.
4. Gives you the option of requesting coverage for your spouse and children as well.
5. Can be an ideal supplement to any other coverage you already have.
6. Benefits are paid on a tax-free basis in most cases.
7. 30-DAY NO-RISK FREE LOOK.

Who Can Request This Exclusive IEEE Member Benefit Option?

You can apply for a coverage amount from $100,000.00 up to $2,000,000.00 (in $10,000.00 units) as an IEEE member under age 55. You can also request coverage for your lawful spouse under age 55 for the same coverage amounts, not to exceed 100% of member's coverage; and for your unmarried dependent children ages 14 days through 22 years (24 if a full-time student) a $10,000.00 benefit. In order to become insured, satisfactory evidence of insurability must be provided and the required premium must be paid when due.

A dependent who is also a member is eligible for either member or dependent coverage, but not both.

If both member and spouse are covered as members, neither may insure the other as spouse, and only one may insure any eligible children.

This coverage is available only for residents of the United States (except territories), Puerto Rico and Canada (excluding Quebec).

The total amount of coverage an individual may have under all group life insurance policies underwritten by New York Life Insurance Company may not exceed $2,000,000.00. In addition, the total amount of coverage an individual may have under all group policies issued by New York Life Insurance Company to the Trustee of the IEEE Life Insurance may not exceed the maximum benefit option for any insured person.

What Do "Double Lock-In Benefits" Mean?

In a nutshell, the double lock-in benefits offered through the IEEE Member Group 20-Year Level Term Life Insurance give you valuable peace of mind—for your wallet and for your family's financial future.

First, once your coverage is approved, your member-only rates "lock in" for the entire 20-year term of coverage. Your premium on Day 1 will be the same premium for the 20th year of this coverage. That helps to make budgeting easy.

Plus, you have options to continue your coverage after 20 years if you'd like. (See "What happens after 20 years?" later in this brochure.)

What Do "Double Lock-In Benefits" Mean? (Cont'd.)

Secondly, unlike annually renewable term life insurance (the type so often featured on Internet websites), your IEEE member benefit levels also "lock in" for 20 years.

There are no frustrating benefit decreases just because you had another birthday. The benefit level you set up on the first day of your coverage will still be in full force 20 years later.

Member-only Rates Help Hold Costs Down For IEEE Members

How Do The Rates Compare With Other Level Term Life Insurance?

Like other IEEE-sponsored polices, IEEE members have the advantage of member only rates in this important IEEE member benefit. Those group rates are often lower than you may find on your own through an insurance agent or through an employer insurance policy.

In addition, this IEEE member coverage delivers extra value with significant volume discounts:

- For coverage amounts between $250,000.00 and $490,000.00 you'll receive a volume discount.
- Plus, if you request coverage of $500,000.00 or more, an even bigger volume discount takes effect.

(See the rates shown on the next page for more details.)

No Exclusions

Benefits will be paid in the event of death … anywhere in the world … regardless of cause. The validity of any amount of your insurance that has been in force for two years during your lifetime will not be contested except for insurance eligibility provisions or nonpayment of premium contributions.

Your Choice Of Beneficiary

You may select any person, persons, trust or other legal entity as your beneficiary. You are the automatic beneficiary for dependent insurance as described in the Certificate of Insurance. If you want to name another beneficiary for spouse or child insurance, please contact the plan administrator.

30-Day Free Look

When your coverage is approved, you will be sent a Certificate of Insurance. Look it over for a full 30 days.

If you're not completely satisfied with the terms of your Certificate, you may return it without claim within those 30 days. Your coverage will be invalidated and you will receive a full refund—no questions asked!

An Important Option If You're Facing A Serious Illness

The Living Benefit or "Accelerated Death Benefit" provides IEEE members with the option to have a portion of a terminally ill insured's life insurance benefit paid while he/she is still alive.

Use the money paid under this feature however you see fit. To help pay medical bills. To help preserve your savings and assets. To help maintain your quality of life.

To qualify for this benefit, a terminally ill insured must provide New York Life Life Insurance Company with proof of terminal illness must be insured under this policy and diagnosed as having a life expectancy of 12 months or less. Proof of terminal illness will consist of a statement from a doctor and any other medical information New York Life Insurance Company deems necessary to confirm the person's status.

You can request payment equal to 50 percent of a qualified terminally ill person's in-force coverage. The request must be made at least 12 months prior to that person's scheduled coverage termination age, and the amount payable after the insured's death will be reduced by this payment. (Premium contributions will not be reduced.) Note: An insured will be eligible for only one terminal illness benefit during his/her lifetime.

Please note that receipt of this benefit may affect your eligibility for public assistance programs and may be taxable. You may wish to consult the appropriate social services agency and a qualified tax advisor about how this may affect your personal situation.

Member-only Rates For IEEE Members and Spouses:

Current 2025 "Preferred" and "Select" Monthly† Premium Contributions

The cost of this life insurance is based upon the member's and spouse's gender, amount of insurance requested, usage of tobacco/nicotine products, health status and attained age on the date coverage is issued. Premium contributions will vary depending upon the options chosen. Only Nonsmokers meeting the highest underwriting standards will qualify for these "Preferred" rates. Other Nonsmokers may qualify for the higher "Select" or "Standard" rates. (Note: Smokers may only qualify for "Standard" rates.) Upon approval of your application, you will be notified of the rate classification for each approved person. For standard rates or other benefit levels not listed, visit IEEEInsurance.com. Click on "Personal Insurance" and select the coverage of your choice to get a free, no-obligation quote.

IMPORTANT NOTICE TO RESIDENTS OF MANITOBA AND ONTARIO, CANADA: Manitoba and Ontario, Canada have enacted laws requiring taxation (Manitoba 7% and Ontario 8%) of all group insurance purchased by individuals. This tax will be added to the amount of any premium contributions due (in U.S. dollars), which is then reported and remitted to the province.

† Payable quarterly, semiannually, annually or via monthly Electronic Funds Transfer (EFT).

* Male rates apply to all coverage issued to Montana residents, regardless of a person's sex. The current annual premium contribution for all eligible children is $6.00 for $10,000.00 of life insurance.

Rates may vary due to rounding.

Note: Premiums are guaranteed to remain level for the first 20 years of coverage. Then, if still eligible, you may reapply for 20-year level rates in effect for a subsequent 20-year term; rates for the subsequent term would be determined based on your then-current age, health and tobacco/nicotine use status and guaranteed for 20 years. If you're not approved for a subsequent 20-year term of guaranteed rates, or do not apply for a subsequent 20-year term, coverage will continue in force on a nonguaranteed rate basis with increasing premiums as the insured ages.

What Happens After 20 Years?

After you have been covered for 20 years, you have the option to reapply for a subsequent 20-year term of coverage as long as you're under age 55 and otherwise eligible.

If your application for an additional 20-year term of guaranteed rates is approved, your premium contribution will be based upon the insured person's age, health and tobacco/nicotine use status at the time coverage becomes effective and will be guaranteed for a new 20-year term.

If you or your spouse are not approved for a subsequent 20-year term or you do not apply for a subsequent 20-year term, your coverage will continue in force on a non-guaranteed rate basis, where premium contributions increase as the insured ages.

Effective Date

Your coverage will take effect on the date your application is approved by New York Life Insurance Company as long as your first premium payment is paid within 31 days after the date you are billed (send no money now) and any person to be insured is performing the normal activities of a person in good health of like age on the date of approval. Insurance for any person who is not performing his/her normal activities as required on the date insurance would otherwise have taken effect will not become insured until the day he/she is performing such activities; provided such date is within three months of the date insurance would otherwise have taken effect and the person is still eligible. Dependent insurance will not take effect unless the member is insured on a premium-paying basis.

Note: Residents of NC: Any reference to "performing normal activities of a person in good health of like age" is replaced by the requirement that the health state of any proposed insured person remains the same as stated in your application.

When Coverage Ends

Coverage will stay in full force until you or your spouse reach age 75 (23 for children or 25 for children who are full-time students) unless you do not remain an active member in good standing of IEEE, premium payments are not paid when due, the group policy is terminated or modified by the policyholder to end insurance for the group of insureds to which you belong, or the insured person requests to terminate insurance. In addition, dependent coverage will terminate when the dependent spouse or child ceases to be an eligible dependent (although an insured spouse's coverage will not terminate until the end of his/her initial 20-year period). Upon your death, coverage for your insured dependents may continue as described in the Certificate of Insurance.

Prior to completing a replacement transaction, you may want to contact the insurance company or agent who sold you the life insurance or annuity contract that will be replaced to help you decide whether the replacement is in your best interest.
